Deadline panel proposals MOR Conference - 27 January
The Management and Organization Review Second Research Frontiers Conference III will be held at the Erasmus University Rotterdam School of Management in Rotterdam, May 17–19, 2017 and is titled "SMEs and Family Firms in Russia, Ex-Soviet Republics, and Eastern European Economies: Knowledge Creation, Entrepreneurship, Innovation, and Economic Growth". Panel Proposals are due January 27, 2017. For more

The Winter School will help PhD candidates to develop better suited framings and problematizations for their papers, as well as will help them to attain a better view on possible contributions of their research.

Next to helping PhD candidates in their own work, this Winter School will also equip participants with a background in most relevant theories needed to review work of other scholarly peers. This is an important set of skills for any aspiring PhD candidate.
