NEWS WEEK 5

AACSB membership granted to FEWEB
In January, the AACSB board has approved FEWEB membership of AACSB, the Association to Advance Collegiate Schools of Business. AACSB is an international organization that grants Business Accreditations to Business Schools and Faculties. This means that the first step towards becoming an AACSB accredited Faculty has now been taken.

As international accreditation is important to our Faculty, a Project Coordinator for the AACSB process will be installed in February. His/her first assignment is to gather evidence to prove that FEWEB is admissible to the accreditation procedure, i.e. to complete the Eligibility Application.

To receive accreditation, the Faculty must have a quality assurance cycle in place that is attuned to the AACSB Assurance of Learning (AoL) system. During this period of alignment, the Project Manager will have to work closely together with all FEWEB Programme Directors, Heads of Department and Examiners. A formal introduction will therefore be arranged upon his or her arrival.
